

Long Neck Die-Grinder
6mm-840W

3303

- Efficient high-power 840W motor ensures maximum functionality
- Long grinding spindle enables working in tight and hard-to-reach places
- Deud max switch enables easy function and gives more control during operation
- Auxiliary Ronix-design side handle minimizes vibration and reduces fatigue during long time working
- Die-cast Aluminum alloy housing enables light weight, superior heat dissipation and enhances body strength
- Variable speed setting from 12000 RPM to 28000 RPM no-load of speed regulates the speed to adapt to the operator's needs
- Direct airflow system which cools the motor for more reliable performances
- Slim body design for ideal handling and higher working performance
- Precision collet enables the operator to do accurate applications faster and easier

Model	3303
Power	840W
No-load RPM	12000-28000 RPM
Collet Size	6mm
Voltage	220V
Frequency	50Hz
Weight	1.8kg
Supplied in	Ronix color box
Includes	2 spanners, Auxiliary Ronix-design side handle
