

**Marble Cutter**  
**115mm-1500W**

**3411**

- 1500W powerful motor for highest working efficiency which brings 14000 rotations per minute
- Easy cutting through several materials
- Heat dissipation system extends the service life of the machine and ensures that the powerful motor performs efficiently for a lifetime
- Self-locking switch enables continuous cutting safely
- Bevels to 45 degrees for quick angled cuts
- Height adjustable shoe allows the users to cut at various depths up to 34mm
- Soft handle grip assists the users to easily perform their tasks for a prolonged period of time.
- The high-quality steel base provides the operators with cutting stability and more accurate cutting
- Handy and portable design for more convenient use

Model	3411
Power	1500W
Voltage	220V
No-load Speed	14000 RPM
Frequency	50Hz
Wheel Diameter	115mm
Max. Cutting Capacity	34mm
Weight	3kg
Supplied in	Ronix color box
