

**Cut-off Saw**  
**355mm-2200W**

**5935**

- Professional heavy-duty 2200W motor ensures perfect functionality and durability
- Full metal body design enables continuous over-loaded operations and longer lifetime
- Anti-dust ergonomic switch for reducing dust penetration and more convenient use
- Superior performance enables continuous longtime jobs
- Adjustable spark guard designed to divert sparks and ensures safety of operations
- Fence adjustment up to 45° for accurate angle cuts, adjusts in 3 positions for different material sizes
- Spindle lock system for easy and fast wheel changing and safety mechanism
- D-shape handle enables better gripping and more control during various cutting applications
- Strong, precise workpiece clamp improves working performance especially in accurate cutting operations

Model	5935
Power	2200W
Voltage	220V
Frequency	50Hz
No-load RPM	3500 RPM
Blade Diameter	355mm
Weight	21.8Kg
Supplied in	Ronix color box
Includes	Hex key, 355mm cutting wheel
