

Aviation Snip

RH-3905

- Forged and hardened chrome vanadium steel blades ensures longer life
- Professional aviation snip with high-leverage design and serrated-edge blade for efficient cutting
- Easily cuts through thin cold-roll steel up to 1.2 mm and stainless steel up to 0.7mm
- Superior Design prevents tears at end of cuts by controlling blade bypass and minimizes folding and burrs
- Comfortable, ergonomic TPR handle ensures a secure hold and precise cuts
- Excellent levers' power increases performance
- Latch locks tool blade when not in use to protect the blade
- One-handed auto release
- Multipurpose snips with compound cutting leverage

Model	RH-3905
